## **Victor 12 Awarded GSA Contract**

Victor 12, a service-disabled veteran-owned business with expertise in virtual learning, performance improvement, and instructional systems, announces it has been awarded a Mission Oriented Business Integrated Services (MOBIS) contract by the General Services Administration (GSA), with an initial period of performance of 5 years.

This Government-wide Multiple Award Schedule (MAS) contract provides for training services such as instructor-led training, web-based training, education courses, course development and test administration, and other services for improving agency performance and mission execution. This Indefinite Delivery, Indefinite Quantity (IDIQ) vehicle is accessible to all federal agencies and encompasses pre-qualified providers in a number of professional disciplines.

“The GSA MOBIS SIN 874-4 award has been an important goal for us,” CEO Burt Williams said. “It will allow us to considerably expand our delivery of exceptional services and allows Victor 12 a more direct line to serve government agencies.”

### **About Victor 12**

Founded in 2010, Victor12 is a verified Service-Disabled Veteran-Owned Small Business (SDVOSB) with its headquarters in Orlando, Florida.
