Victor 12 Earns Florida Certification

Victor 12 has been certified as a service disabled veteran-owned business in the state of Florida by the Office of Supplier Diversity in the Department of Management Services.

The Certified Business Enterprise (CBE) certification is Florida's premiere stamp of approval for minority, women, and service-disabled veteran business enterprises. The two-year certification allows Victor 12 first-tier referrals to private sector businesses and state agencies as well as directory placement and educational opportunities.

"This recognition from the state of Florida is a key element to our success," CEO Burt Williams said. "We look forward to a long, rewarding partnership."
