Victor 12 Re-verified by Department of Veterans Affairs

Victor 12 has received re-verification as a legitimate firm owned and controlled by a Service-Connected Disabled Veteran.

The verification, obtained through the Department of Veterans Affairs, helps carry out the VA's mission of caring for the nation's veterans. It allows the company to participate in Veterans First Contracting Program opportunities with the department. The program was created under Public Law, P.L. 109-461 for Veteran-Owned Small Businesses and expanded the Service-Disabled Veteran contracting program for VA procurements.

"As a proud veteran, I am happy to continue this relationship with the VA," CEO Burt Williams said. "This program is invaluable to businesses like Victor 12."

This is Victor 12's second award; it will be valid until March 2015.
